

**AGM M9** 4G

# Back to Basics

The M9 is designed for people who want a phone that does the basics. Calling, messaging, occasionally listening to music and that's it, no extra fluff.

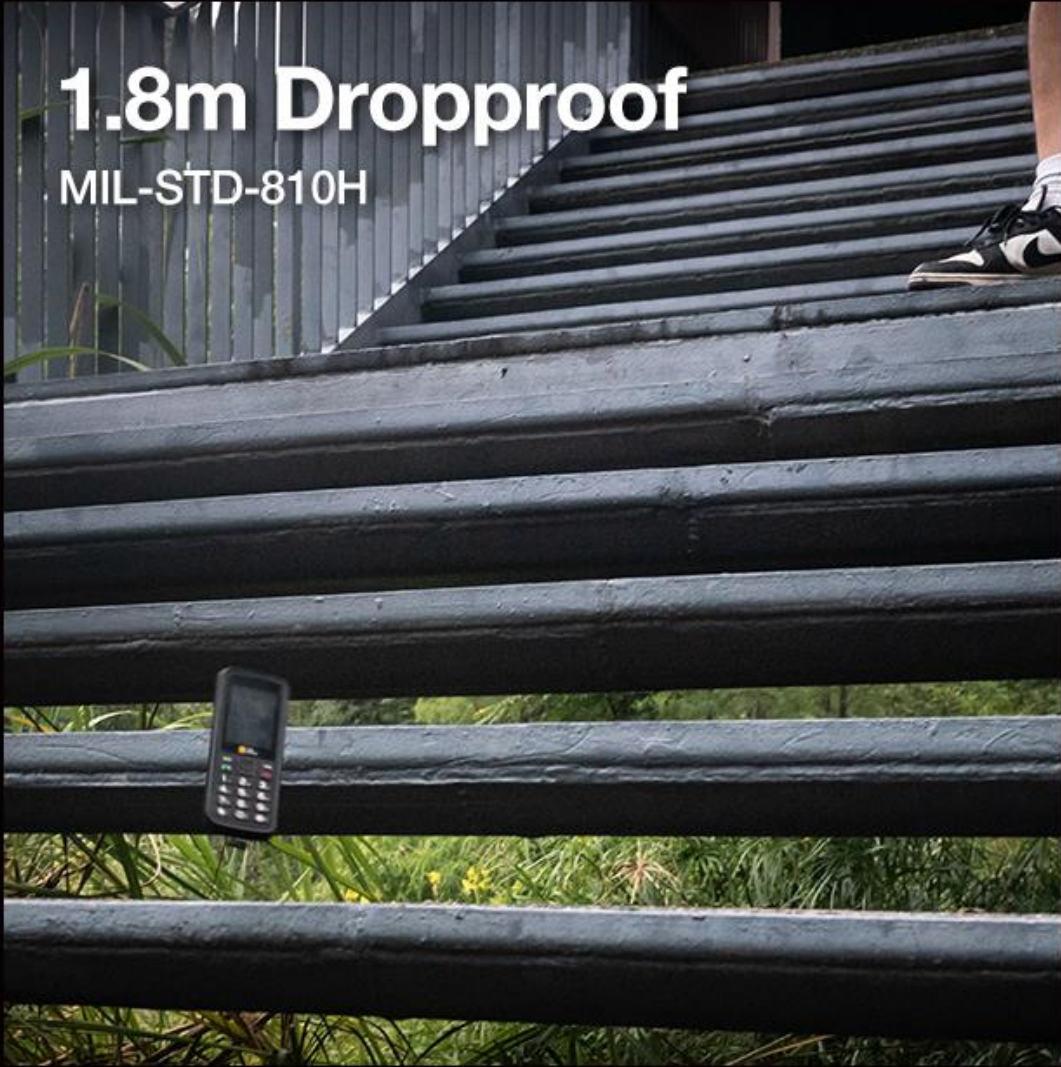

# Long Term Solution

The M9 is also a long term choice, as it is certified drop-proof, waterproof and dust-proof. The compact design makes it even more sturdy and ready for anything you throw at it.

# 4G Connectivity

More bands for better coverage. Built with 4G VoLTE capabilities, calls will be crisp and clear.

# Flexible

The M9 allows for 2 Sim cards + 1 TF card.  
A grand total of 3 slots to expand your storage up to 128GB while combining personal and professional life in one device.

The 1000mAh battery is long lasting and removable so that it is easy to replace if necessary.

# Designed for Everyone

The large font and powerful sound up to 108db makes the M9 easy to read and easy to hear. Perfect for visually or hearing impaired people.

# Extra Features

## Powerful torch

You never know when you will need one, better to have it easily accessible and ready at anytime.

# 3.5mm Jack Bluetooth 🎵

In terms of music, you have options. Plug your favorite headphones directly through the 3.5mm jack or connect your pair of AGM Buds by **Bluetooth**.

3.5mm Jack

# FM Radio

Listen to your favorite station while on the job site or camping in nature. The FM is built-in, no extra antenna needed.

**Built For Real Life.**
